Employment Opportunity

August 10, 2009

The following position is available at ELFHCC, and we would like to invite interested and qualified candidates to apply.

Mental Health Counselor; Full or Part-time

The primary responsibility of this new position will be to provide mental health counseling and oversee the administration and coordination of integrated whole person mental health services for the Center. This individual would work under the direction of the Center's Director of Behavioral Health Services to provide Screening, Patient Activation/Self Management, Intensive Intervention, Stepped Care, Follow-up and Monitoring, and Mental Health Services Administration.

The ideal person would be someone whose values and motivation are consistent with East Liberty Family Health Care Center's Christ-centered mission, convictions, and core values; demonstrates cultural sensitivity; has a vision for community mental health and the integration of whole person care; is a team player, has excellent communication skills; has had experience in an urban setting; has had experience counseling in a medical setting; and enjoys administrative responsibilities.

The successful candidate will work as part of the team which includes a psychiatrist, physicians, addiction outreach staff, and social work case managers.

Interested candidates are encouraged to become familiar with the Center's web page. (elfhcc.com) A copy of the job description will be sent upon request.

Qualification: Licensed Clinical Social Worker or Clinical Psychologist degree with experience in an urban setting and with high risk populations.

Resumes are now being accepted for this position. Please send your resume and letter of interest via mail, fax, or email to:
